

Section 6

Agricultural and Forestal Districts, 2001

By authorization of the *Code of Virginia*, §§15.2-4300 through 15.2-4314 (Agricultural and Forestal Districts Act) and §§15.2-4400 through 15.2-4407 (Local Agricultural and Forestal Districts Act), allows any local governing body to enact a local ordinance providing for the creation of agricultural and forestal districts. Such districts are intended, as the *Code* states, "...to conserve and to encourage the development and improvement of the Commonwealth's agricultural and forestal lands for the production of food and other agricultural and forestal products." The districts also "...conserve and protect agricultural and forestal lands as valued natural and ecological resources which provide essential open spaces for clean air sheds, watershed protection, wildlife habitat, as well as for aesthetic purposes."

According to the Agricultural and Forestal Districts Act, each district must have a core of no less than 200 acres in one parcel or in contiguous parcels. However, districts of local significance created under the act may be as small as 20 acres.¹

¹ Under provisions of the Local Agricultural and Forestal Districts Act, only counties satisfying

Further, the local governing body must review each district within four to ten years after its creation and every four to ten years thereafter. For additional information relating to the creation of the districts, see §15.2-4305 of the *Code*.

Land Use Value Assessments and Agricultural and Forestal Districts

Land devoted to agricultural and forestal production within an agricultural and forestal district qualifies for special assessments for land use whether or not a local land use plan or special assessments ordinance has been adopted, provided that the land meets the criteria set forth in §§58.1-3230 et seq. of the *Code* (see also §15.2-4312).²

Table 6.1 presents information for all cities, counties and towns which have agricultural

the following conditions are empowered to establish districts with this reduced acreage requirement:

(1) county has an urban county executive form of government or is adjacent to a county with an executive form of government, and (2) population size ranges from 63,400 to 73,900 or from 85,000 to 90,000

² For additional effects of agricultural and forestal districts, see §15.2-4312 of the *Code*.

and forestal districts. It includes the district creation date, the acreage of the district(s) and the review period for each district. One city (Staunton), 25 counties, and 3 towns report having an agricultural and forestal district ordinance in effect for the

2001 tax year. The five localities reporting the most acreage in agricultural and forestal districts are the counties of Accomack, Albemarle, Culpepper, Fauquier, and Loudoun.

Table 6.1
Agricultural and Forestal Districts, 2001
