

## Section 25

### Cash Proffers, FY 2006

In Virginia proffers are permitted for conditional zoning, “whereby a zoning reclassification may be allowed subject to certain conditions proffered by the zoning applicant for the protection of the community that are not generally applicable to land similarly zoned.” (*Code of Virginia*, §§ 15.2-2296 through 15.2-2302). The *Code* § 15.2-2297 authorizes zoning ordinances to include voluntary proffers “in writing, by the owner, of reasonable conditions, prior to a public hearing before the governing body, in addition to the regulations provided for the zoning district or zone by the ordinance, as a part of a rezoning or amendment to a zoning map” provided that the rezoning itself gives rise to the needed conditions.

Eligibility requirements are listed in § 15.2-2298 and § 15.2-2303. Section 15.2-2298 gives localities the authority to accept proffers if 1) the locality’s decennial census growth rate met or exceeded 10 percent; 2) the locality is a city which adjoins another city or county that had a decennial census growth rate that met or exceeded 10 percent; 3) any towns located within counties that had a decennial growth rate that met or exceeded 10 percent; and 4) any county contiguous with at least three counties that had a decennial census growth rate that met or exceeded 10 percent.

Eligibility requirements listed in § 15.2-2303 permit proffers for 1) any county with an urban county executive form of government; 2) any city next to or surrounded by a county with an urban county executive form of government; 3) any county next to a county with an urban county executive form of government; 4) any city next to or surrounded by a county contiguous to a county with an urban county executive form of government; 5) any town within a county contiguous to a county with an urban county executive form of government; and 6) any county east of the Chesapeake Bay. Finally, § 15.2-2303.1 permits any county with a 1990 census population between 10,300 and

11,000 through which an interstate highway passes. This section was meant to include New Kent County. A detailed list of the localities meeting these criteria is available.<sup>1</sup>

Proffers may entail the giving of property, property improvements, or cash. Proffers of cash payments are required to be disclosed to the Commission on Local Government in accordance with § 15.2-2303.2. There is no requirement for reporting non-cash proffers, a category that may be significant. Cash proffers are reported in the Commission’s publication. The latest report covers fiscal year 2006. In that period, the Commission reports a total of 256 localities eligible to receive cash proffers. Of those 256, only 42 reported cash proffer activity. The total amount of cash proffer revenue expended was \$68.3 million, with two-thirds spent for road/transportation improvements and schools. **Table 25.1** lists fiscal year 2006 cash proffers by locality and type.

**Relative Importance of Various Types of Cash Proffers Expended in FY 2006**

Type of Proffer	Percent of Total
Road/transportation improvements	35.0%
Schools	30.9
Affordable housing	10.7
Parks, recreation, and open space	8.6
Fire and rescue/public safety	6.9
Special needs housing	5.2
Libraries	1.1
Water and sewer service extension	0.6
Miscellaneous	0.6
Storm water management	0.4
	100.0

<sup>1</sup> Commission on Local Government, *Report on Proffered Cash Payments and Expenditures by Virginia’s Counties, Cities and Towns, 2005-2006* (November 2006), Appendix B, <http://www.dhcd.virginia.gov/CommissiononLocalGovernment/PDFs/proffrpt1206.pdf>, (11/13/07).
